67Q had an inoperative compass after returning from radio installation at Lapeer Aviation. Marv & Rick had to install a shield in the dash & repair some wiring. They also had to install a converter to make the 28V Garmin compatible with the 12V system. It's going to need a new tire & oil change soon. 160 got some new cowl fasteners.

## **Old Business:**

Update on student pilots- Mike Dettloff has been back in the air. Daniel Beachell, has not been up lately, but did recently get married. Congratulations to them!

The paint shop in Sandusky that Jay was hoping could do some paint touch-up on 67Q, doesn't have space for the whole plane. Still looking at other options.

Fly-in prep is going as planned. Walmart donated a \$100 gift card towards our event. The C-47 flights are nearly sold out.
